Call for Presentations

Bridging the Divide Suicide Awareness and Prevention Summit

Conference: Thursday May 12, AM to Friday May 13, PM

DEADLINE FOR SUBMISSION: Monday, February 7, 2022 at 5:00pm

Notification Date: Friday, February 25, 2022

Dear Suicide Prevention Community:

The Bridging the Divide Summit Planning Committee is seeking proposals for presentations for the 2022 Bridging the Divide Suicide Awareness and Prevention Summit. The conference theme is *COLORADO! Our Collaborative Local, State and National Efforts*. Breakout and keynote sessions will focus on promising collaborative practices that decrease the likelihood of suicide, assist those who struggle with suicidal thinking, and help survivors of suicide loss regain their equilibrium following a loved one's suicide attempt or death by suicide. In an attempt to address as many different areas of the suicide experience along with learning a variety of perspectives and experiences, panel presentations are recommended this year. Please keep in mind that you only have one hour which includes Q&A.

Proposals are needed for one-hour breakout sessions.

The focus of presentations should fall into one of the tracks below. At the 2022 Summit, we will explore the importance of collaboration in suicide prevention, intervention and loss support.

- **Clinicians and Peer Supporters:** This track will feature best practices in suicide risk assessment, management, recovery and grief support. Traditional (medication/talk-therapy) and alternative (spiritual, animal-assisted, outdoor adventure, total wellness) interventions are all acceptable. Collaborative approaches in various countries/cultures, demographic groups and more are encouraged. .
- **Programs that Work:** This track will highlight collaborative programs that are showing changes connected to suicide prevention. Presentations must demonstrate both process (e.g., how many people affected) and impact outcomes (e.g., increase in mental health services utilization) and share "lessons learned." Prevention, intervention, crisis and loss support programs are welcome.
- **Research:** This track addresses promising research developments in the field of suicide prevention and mental wellness. Possible topics include but are not limited to effective treatments/therapies, risk factor analysis, empirical studies, successful approaches in various countries/cultures, program evaluation data, and more.
- **People with Lived Experience with Suicide (thoughts, attempts, loss):** This track is designed to lift up the voices and expertise of people with lived experience with suicide – people who have personally been affected by suicidal thoughts, attempts or loss. Presenters in this track may also bring other areas of expertise as researchers, clinicians and advocates, but we are primarily interested in stories of hope and recovery after a suicide crisis.

We are eager to showcase ways in which our colleagues creating and utilizing collaboration in suicide prevention. Presenters will be asked to register and pay for conference attendance. We are seeking submissions for a one-hour breakout session on May 12 or 13. Thank you for helping to forge new partnerships and connect those in need of help and life-saving programs with initiatives and services. All submissions are due by 5:00 PM on February 7, 2022.

Sincerely,
The Bridging the Divide Planning Committee
